

*Start with the Essential.*

March 24, 2020

To All Justrite Safety Group Customers:

RE: COVID-19 – Justrite Safety Group – Deemed Essential Business

Please know that Justrite Safety Group (JSG) and our portfolio brands are deemed “essential businesses” by the federal government and remain in operation. Our products and services are necessary to maintain many of the 16 essential sectors the government wishes to protect.

U.S. operations remain open and ready to serve business needs. Our facilities are fully operational and continue to build inventory to serve our markets. COVID-19 has minimally affected our supply chain, and has not impacted production or delivery.

JSG products keep users safe and compliant for many industries listed by the U.S. Department of Homeland Security, and further reinforced by many state governments. They are essential for workplace safety and the protection of critical assets for industries, such as:

- Pharmaceutical
- Biotechnology
- Healthcare
- Chemical
- Sanitation, waste pickup and disposal
- Food and beverage
- Transportation
- Energy
- Construction
- National defense

We will maintain our vigilance in working through these unprecedented times and continue to support all our customers, team members, the communities we serve. Thank you.

Mark McElhinny  
President/CEO  
Justrite Safety Group
