- Fire tested and FM Approved
- Galvanized steel pail
- Made of flame-retardant polyethylene

- Ideal for decks, patios and poolside areas
- ADA compliant
- Innovative self-extinguishing design

Description

The Personal Smoker's Ceasefire® Outdoor Ashtray in Adobe Beige (model 26806B) is perfect for any poolside or patio thanks to its excellent compact design. This ashtray is both ADA compliant and fits nicely into snug spaces and light traffic areas for smokers, measuring at just 30 in (762 mm) in height and 11 in (279 mm) in base diameter.

Its large head dissipates heat from cigarette butts and keeps rain plus other unwanted litter from entering the ashtray. The long neck minimizes clogging, and its internal double-drip design keeps tar condensation from appearing on the exterior, perfect for areas with high humidity.

Model 26806B features the same smokeless, innovative self-extinguishing design as its larger counterpart, meaning it can easily reduce the risk of fire by holding up to 1 gal (4 l) of cigarette litter. Made with flame-retardant polyethylene, it is fire tested, FM approved and won't rust, dent, or crack in any weather.

Simply unscrew the lid from the base to open for maintenance, no tools are required. Optional accessories include handy disposable bucket liners made of aluminum/poly (model 26827), which can be easily twist-tied and thrown away once full.

For extra security, an Anchoring Cable Kit with Padlock (model 268505) is also available as an optional choice. To attach, wrap the 36 in (914 mm) wire rope around a railing or fence, then attach the cable end and padlock to a tie-down notch at the base.

Eliminate cigarette butt litter around your business with the compact Personal Smoker's Ceasefire outdoor ashtray - perfect for gardens and private spaces.
