Short Description

- Portable, safe solution to parts cleaning
- Cover stays open for convenient access
- Self-closing in case of fire

Description

Use for cleaning parts and subassemblies where the volume of work does not warrant a larger rinse tank. Portable size accommodates changing production requirements. Dip tank covers stay open for convenient access; self-closing mechanism and fusible link melts at 165°F (74°C) to snap the cover shut in case of fire.
