

Stainless Steel Gas Cylinder Stand, 1 Cylinder Capacity - 35280

Product Images

Short Description

- Fully welded construction using 12-gauge (2-mm) stainless steel provides structural integrity and longevity
- Exclusive bumper guard edging with steel reinforced vinyl protects your cylinders from damage while providing extra grip
- Accepts cylinders from 4- to 12-in (102- to 305-mm) in diameter

Description

Designed for the safe storage of industrial and commercial use compressed gas cylinders, these storage stands help prevent dangerous tipping situations. Pre-drilled holes in base for floor mounting with application specific fasteners (not included).

Two heavy-duty polypropylene support straps, 1.5- x 54-in (38-mm x 1372-mm) and rated at 1138-lb (516-kg), feature steel cinch buckle and hold individual cylinders securely against integral bracket. For an improved level of safety for any installation, all brackets include openings to retrofit secondary support chains, one set for each cylinder strap location.

Helps comply with OSHA, NFP1, NFPA 55, and CGA.
