

Make-A-Berm, Drain Plug, 2 inch High x 10 inch Long - #28499

Product Images

Short Description

- Made to fit available in multiple size configurations.
- Easily installable on a smooth surface with the recommended adhesive sealant.
- Helps comply with EPA for containment and spill prevention (SPCC) regulations.

Description

Make-A-Berm™ drain plug is used to drain innocuous fluids, such as rain or snowmelt. The drain plug is made of PVC coated fabric and can be easily added to any part of the berm configuration. The plug should be added in the lowest point of the containment area. Do not drive or rollover the draining plug section. The weight of vehicles or hand trucks can damage the PVC tubing.

Specifications

Model No	28499
UPC	697841270404
Color	Black
Material Specifications	PVC Coated Fabric
EPA Compliance	Helps comply with EPA for containment and spill prevention (SPCC)
SPCC Compliance	40 CFR 112.7 (c)
