- 95-gallon capacity; red color identifies chemical spill-response supplies
- HDPE construction with wheels for moving supplies between work areas
- Container dimensions: 28 in. W × 32 in. D × 43 in. H
- Container only; absorbents, PPE and cleanup supplies sold separately

Description

The Justrite 95-Gallon Red Wheeled Container (Model JSEWCR95) replaces the container supplied with the Justrite Chemical Spill Kit, 95-Gallon Wheeled Container (JSKH95) and the Chemical Spill Kit, 95-Gallon Wheeled Container, Sorbent Plus (JSKH95P). This red HDPE container holds spill-response supplies and has wheels for moving them between work areas. It can replace a damaged container without purchasing another complete spill kit or be used to assemble a custom spill kit. Absorbents, protective equipment and cleanup supplies are not included.
